

## Australian and New Zealand Tort and Compensation Researchers and Teachers Network Symposium 2027 Invitation for proposals to present

**When: Monday 15 February and Tuesday 16 February 2027**

**Hybrid event**

**In person: University of Sydney and Online**

We invite Tort and Compensation system researchers and teachers in Australia and New Zealand to join us in Sydney or online on 15-16 February 2027 to share research and teaching approaches about tort law, and compensation systems. We are delighted to be joined by the Hon. Justice Jacqueline Gleeson of the High Court of Australia and the Hon. Justice Julia Loneragan of the Supreme Court of New South Wales.

The symposium is sponsored by Sydney Law School, Griffith Law School and the University of Auckland Faculty of Law. There will be no conference fee for attendees who are selected to present at the symposium. Preference will be given to in-person attendance. Travel and accommodation expenses will be at the cost of participants. There will be many opportunities for networking and practice sharing provided over the two days of the symposium.

We welcome contributions which reflect a wide range of topics and approaches including doctrinal, theoretical, critical, empirical, reform and social justice, and pedagogical. We are particularly interested in providing opportunities for early career researchers and teachers to present their work and network with other colleagues.

If you are interested in presenting at the symposium, please click this [link](#) or scan the QR code to complete this form and submit prior to Friday **6 November 2026** as we have limited space available in the programme and venue.

Should you wish to contact the organisers of this symposium directly, details are below:
